

# Victory Keys to Safety

## Pre-Deployment Where We Are at Risk

### Risk Management during Vehicle Operations

Risk Factors to be considered  
while "ON" and "OFF" duty :

- Speed
- Seat Belt use
- Fatigue
- Driver Discipline
- Alcohol (Off-duty)

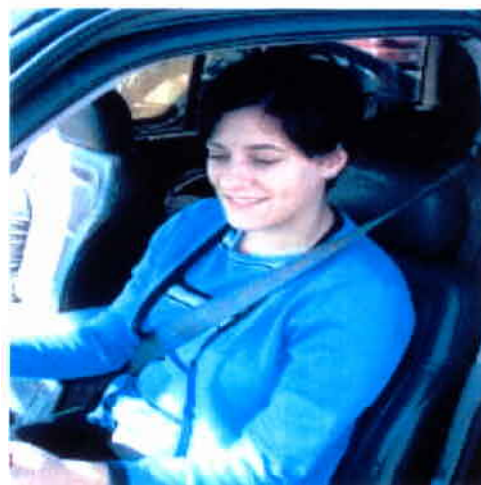

### Speed Limitations

### Risk Management during ON and OFF Duty Activities

Operations & Activities  
presenting hazards:

- Convoy operations
- NVG operations and training
- Rail operations
- Off-duty Leisure
- Sports

Always Wear Seat Belts

**ALL Leaders, Soldiers and Civilians** must take an active role in safety by ensuring Composite Risk Management principles are applied while on and off duty.

**Victory!**

Victory Safety Key #05-12  
September 2005,
